# CLASSWORK

Week 3

Flutter Layouts & Interactivity

- Given Code

  - All source code (Layout & Interactivity)

    handled during class should be included

Flutter Layouts & Interactivity

- Result

Flutter Layouts & Interactivity

- Change the Layout
  - *Remove the appBar and make 5 buttons using* **buildButtonColumn()**

    (material icon: call, message, email, share, description)
  - *Change the Color of each Button and Text (Color: black)*
  - *Especially, in* **buttonSection** *Container needs padding*

    (**EdgeInsets.fromLTRB(10.0, 10.0, 10.0, 10.0)**)

    (ref. https://docs.flutter.io/flutter/painting/EdgeInsets/EdgeInsets.fromLTRB.html)
- Change Interactivity part
  - *Change the text as shown* **'Result'** *above (Use your* **NAME** *and* **STUDENT NUMBER**) *& change the color of star icon (Color: yellow)*

Flutter Layouts & Interactivity

- Add a Divider
  - *Add a Divider under the **titleSection** and **buttonSection** (**Height: 1.0, Color: black**)*
    (ref. https://docs.flutter.io/flutter/material/Divider-class.html)

Flutter Layouts & Interactivity

■ Change textSection

  – *Set the padding area(**EdgeInsets.all(32.0)**) to all four sides of the Text widget.*

  – *Place the Icon on the left side, and the text on the right side*

  – *Icon : **Icons.message**, size: **40.0***

  – *Change the font weight of the Text('Recent Message') **bold**.*

  – *Use **CrossAxisAlignment.start** for each row and column.*

  – *Apply padding (**EdgeInsets.fromLTRB(10.0, 0.0, 10.0, 0.0)** to the text part of textSection.*
